## SUMMARY

---

Computer Science and Engineering student passionate about technology, innovation, and software development. Eager to learn new concepts, adapt to emerging technologies, and contribute to meaningful projects while continuously enhancing problem-solving and analytical skills.

## EDUCATION

---

|                                                                     |                |
|---------------------------------------------------------------------|----------------|
| <b>B.Tech in Computer Science and Engineering</b>                   | 2023 - Present |
| <i>Malla Reddy College of Engineering and Technology, Hyderabad</i> | CGPA: 8.78     |

|                                                        |                  |
|--------------------------------------------------------|------------------|
| <b>Senior Secondary (Class XII)</b>                    | 2021 - 2023      |
| <i>Telangana State Board of Intermediate Education</i> | Percentage: 92.3 |

## PROJECTS

---

**COLLABX** | *React, Node.js, Express.js, MongoDB* [GitHub Repo]

- Developed a centralized collaboration platform for managing projects, assigning tasks, tracking deadlines, and improving team coordination across workflows.
- Implemented role-based access control, real-time task updates, project dashboards, and collaborative workflow features for efficient management.
- Built reporting and performance tracking modules to monitor project progress, team productivity, and overall execution efficiency.

**INTERVIO** | *React, Spring Boot, PostgreSQL* [GitHub Repo]

- Developed an interview preparation platform that enables users to practice technical and HR interviews through structured sessions.
- Implemented performance evaluation, personalized feedback, interview tracking, and company-specific interview simulation features.
- Built interactive dashboards for interview history management, progress monitoring, and visualization of candidate performance metrics.

## TECHNICAL SKILLS

---

**Programming Language:** C, Java, Python

**Frontend:** HTML, CSS, JavaScript, React

**Backend:** Node.js, Express.js, Spring Boot

**Databases:** SQL, MongoDB

**Development Tools:** Git, GitHub, VS Code

**Soft Skills:** Communication, Work Ethic, Team Collaboration

## CERTIFICATIONS

---

- Cambridge English Empower C1 Level Course, Cambridge, Oct 2023 – Jan 2024 [Certificate]
- Web Design and Development Workshop, Mar 2024 [Certificate]
- Hackathon Participant, Feb 2024 [Certificate]
- C and Java Programming Course, Jun 2023 [Certificate]
